

Round the Town

Mrs. Gladys Albright has moved to 289 Nehr Drive.

E. D. (Luckey) Ball was a visitor in Sierra Madre last Monday.

Miss Mabel Appleby visited friends in Sierra Madre over the weekend.

George P. Rikeman of 29 West Orange Grove avenue, spent Tuesday in Los Angeles.

Mrs. A. Russell of 171 West Orange Grove avenue left this past week for a tour of Europe.

The Eteri Club met at the home of Miss Dorothy Wamrock, 248 East Central avenue, Wednesday evening.

Mrs. S. G. Auer of 181 East Grand View avenue, left Sierra Madre last Thursday to make her home in Long Beach.

Miss Wilma Morrow, a former resident of Sierra Madre, is the house guest of the M. M. Baines of 87 East Highland avenue.

The F. Blakeman family of 125 East Laurel avenue, left Monday to motor to the Grand Canyon, Bryce Canyon and through Utah.

Mrs. L. Montgomery, Miss Johnson and Mrs. Ross and daughter Anna May, spent Monday visiting friends in Glendale.

E. J. Webster of 121 East Alegria avenue was a guest at the John Geoffrey Post G.A.R. in Pasadena on Thursday.

The L. Karpf family of 375 East Grand View avenue left Tuesday for their summer home at Venice where they will spend the summer.

The Andrews family of 692 West Central Ave., left this week for the seashore where they will spend the summer at their beach cottage.

T. L. Blanke of New York City, is visiting his family at 271 North Sunnyside. Mr. Blanke expects to be in the city for three weeks.

Mrs. Augusta Barlow of San Clemente was the house guest of Mrs. W. J. Lawless of 506 West Grand View avenue this week.

Mrs. Charles Taylor of 330 West Grand View avenue is in Columbia Hospital in Los Angeles where she is recovering from a major operation.

Mrs. Harriett Buckingham of 158½ West Montecito avenue left Monday on an extended trip to White Plains, New York, where she will visit her sister.

Arthur Schiltz, son of Mr. and Mrs. W. J. Schiltz, returned from St. Louis, Saturday evening. He plans to spend the summer with his parents at 67 East Highland avenue on Friday.

The Misses Helen Neymer and Marie Neeham, Ruth Snyder and mother, Mrs. M. Snyder, of Los Angeles, were guests of Mrs. W. J. Schiltz of 67 East Highland avenue on Friday.

Mrs. Frank Peacock of 330 West Central avenue, has been enjoying a visit from her grandson, James Rule, of Stockton, who is on his way home from Shanghai and Hong Kong, China, where he has been on a business trip.

The personnel of both local Safeway Stores here joined the Safeway Store employees of the Pasadena district in an enjoyable Sunday picnic at Orange County Park.

Allen Robertson, son of Mr. and Mrs. E. D. Robertson of 43 West Laurel avenue, was taken to St. Luke's Hospital Wednesday, where he will undergo an operation.

Miss Claire Neuman of 517 West Highland avenue accompanied by Miss Helen Womes will leave tomorrow for Santa Cruz, where they will spend the summer.

The F. D. R. Moots of 689 West Central avenue are taking a party of friends to their summer home, Pinewood, in the San Jacinto mountains, for the Fourth of July.

Mrs. Gladys Albright and daughter Marylin of 289 Nehr Drive are leaving Sunday for Balboa Beach, accompanied by Loraine Wright Watson. They will remain at Balboa a month.

Mrs. Irving Ward of 109 East Grand View avenue, is in St. Luke's Hospital, Pasadena, where she underwent an operation last Friday. She is expected to return to her home next Monday.

SIERRA MADRE NEWS

VOLUME 29, No. 40

SIERRA MADRE, COUNTY OF LOS ANGELES, CALIFORNIA

FRIDAY, JUNE 28, 1935

JULY 4th WILL BE QUIET DAY FOR THIS CITY

Sierra Madre's 4th of July will be a quiet one, as far as any celebration goes. Although numerous beach and mountain parties, and private affairs are being planned for the day by local residents, there will be no public programs anywhere in the city and no fire crackers or fire works. Even the customary Volunteer Firemen's party at City Park has been postponed until Sunday, July 7, because San Gabriel Valley and foothill firemen do not wish to leave their posts on the holiday.

Fire Chief W. D. Richards issues a warning that, as usual, all types of fireworks are strictly banned here. Children caught shooting off firecrackers, Roman candles, and the like will be punished according to law, and their fireworks will be confiscated, Richards states.

The postoffice will be closed and there will be no outgoing mail, or mail deliveries.

Hikers Will Have Haven In Near Hills

Second "Primitive Area" For 33,000 Acres Proposed For Back Country Here

A second "primitive area" in the Sierra Madre back country of the Angeles National Forest is being planned by the Forestry Service in San Gabriel Gorge, on the Sierra Madre back country North Fork. A total of 33,000 acres will be set aside in its natural beauty for hiking trails, with highways forever excluded. The area will be bounded on the east by Mt. Dawson and Mt. San Antonio, on the north by Prairie Fork and Mt. Baden-Fowell, on the west by the summit divide from Powell to Rattlesnake Peak, and on the south by a line from Rattlesnake, crossing Coldwater Canyon to Lookout Peak. Various Southern California hiking organizations and nature clubs, as well as the County Planning Commission and the Azusa Chamber of Commerce are sponsoring the mountain reserve movement.

One primitive area has already been established, directly north of the head of the Big Santa Anita on the West Fork of the San Gabriel River.

Tailenders Trounce The Topnotchers

Lowly Cubs Of City League Turn On Leaders In Seasonal Batting Game

The City League doesheet went into a tailspin Thursday night when the lowly Cubs broke into the win column for the first time, downing the previously undefeated Braves by a lopsided 19 to 3 score.

Ed Lalone dished up the best brand of ball he has displayed all season to goose egg the Braves until the last frame, when they managed to put over three runs on three hits and a walk. The Cubs went right to work as soon as the game was called, scoring five times in each of the first two innings, and crossing the pan at least once in every inning thereafter. McCarron did not have his usual stuff on the ball and was hit hard by the Cubs, although ten errors behind him had much to do with the size of the score.

Monday night the Braves took another shelling, this time at (Continued on Page Six)

Offer Cash Prizes For Essays About Fellow Townsmen

In order to interest the young people of school age in the history of the city and in the purposes of the Sierra Madre Historical Society, the organization has announced a prize essay contest touching on the cultural and artistic life of the community.

A five dollar cash award will be made to the girl or boy turning in the most acceptable paper covering the life and work of the city's leading artists, musicians and authors.

As the Society wishes to place all papers submitted in its archives for reference, writers must be careful as to the accuracy of names, dates and similar details. Papers must be turned in to William Laurens Rhoades prior to October 1, and they will be read at the October meeting of the Society for judgment. Further details may be secured from Mr. Rhoades, vice-president and curator of the Historical Society.

Act To Bring US Chess Day Here In 1937

Paul Morphy Centennial May See National Carnival In Sierra Madre

More than three hundred chess players and fans from thirty-five Southern California cities and towns were welcomed by Sierra Madre at the City Park Saturday on the occasion of the sixth annual Morphy Day Chess Carnival sponsored by the city and the Chamber of Commerce.

Most important development arising from the carnival was the formulation of a plan which may create a National Morphy Day Carnival to be held annually in Sierra Madre. The suggestion was advanced by N. W. Banks, for the past 25 years United States checker champion and one of the country's foremost chess players, and was enthusiastically taken up by all of the chess experts and enthusiasts present. It was suggested that such a National day be inaugurated with the 100th Morphy anniversary, which will occur in 1937.

Lindsay Heath acted as master of ceremonies for the day, while Marcus A. Woodward welcomed the visitors on behalf of the city. Mrs. Edith N. Hawks acted as hostess and registrar, taking the signatures of newcomers. The games and special features proved of especial interest. All three of the team matches resulted in draws, with M. A. Woodward of this city, capturing his match in the Pasadena-Riverside competition. Ben Stinman got a well earned draw in the simultaneous, in which G. S. G. Patterson, former Southern California champion, engaged in 33 sets at one time, to win 18.

Among the out of town visitors were Mrs. Louise Tag, of Manhattan Beach, sister of F. W. Schialos, of Sierra Madre; C. D. Bakeman, of Lynwood, brother of F. S. Bakeman; Robert P. Day, of Long Beach, brother-in-law of E. D. Burbank; Ward Harrington, formerly of this city, and Mr. and Mrs. J. H. Cooke, who lived here 30 years ago and are now residents of Los Angeles.

Mexican Play And Dinner To Be Given On Sunday Evening

"La Fiesta," Mexican play written by Mrs. Lola Borradaile, will be given its fourth annual presentation in the gardens of the Borradaile home at 391 East Grand View avenue at 6 o'clock Sunday evening, for the benefit of the Sisters of St. Joseph of St. Rita's school. As is usual, the play is to be followed by a genuine Mexican supper, served by native Mexican cooks.

Presented in Spanish, the play is enacted by grandchildren of Mrs. Borradaile and others, including John Stumm; Barbara, Jack, Dolores and Catherine Coligan, Myrl Mae Weese and Bob by McDonald. Spanish and Mexican music, songs and other attractions are included. Reservations may be made by phoning 273-3 or 172-1.

Want To Build Huge Pipe Line On Grand View Avenue Here

The Metropolitan Water District will soon ask the city for permission to lay its huge pipe line to supply Pasadena with Colorado River water. Engineers for the district has decided that Grand View avenue from the easterly to the westerly city limits is the most desirable route. The local link in the big pipeline will connect with the Monrovia tunnels now under construction.

Bids will be called soon for cut and cover construction, using pre-cast concrete pipes, on the line. No official application has been received yet by this City for the right-of-way, according to City-Business Manager Al S. Myers.

League Exhibits Student Art Works Tomorrow Night

Tomorrow night the Municipal Art League will hold its second annual June anniversary exhibit at the Old Barn Studio. Because of the space limitations the affair has been made invitational, each art student sending a limited number of cards to his personal friends.

"THEY'RE OFF" AT SANTA ANITA ON CHRISTMAS

Santa Anita race course in Arcadia gets 58 days of racing this season, the meeting commencing on Christmas Day and continuing daily except Sunday until February 29. This week the California Horse Racing Board sets the dates for the States three race tracks, allowing Tanforan 26 days and Bay Meadows 21 days in the fall, and Tanforan another 26 days next spring.

The Board also revealed that by the end of the fiscal year, June 30, the sum of \$1,005,103.36 will have been paid to the State in horse race revenue. The figure is head and shoulders above the racing "take" of any other State. As provided by the racing act the money is distributed to State and county fairs, agricultural colleges, unemployment relief, et cetera.

Name Jury To Select Home Art Exhibit

By Vernon Jay Morse

Following the exhibition of paintings by Paul Lauritz and Leland Curtis, the Little Gallery will show a representative group of paintings and sculpture by Sierra Madre's own artists. As announced in THE NEWS last week, this show will be selected by an artist-juryman jury. This afternoon in the City Hall there will be an attendant to receive all work submitted.

The exhibition will be on view Saturday-July 6 and the opening reception will be held the following week, on Tuesday evening, July 9.

Members of the jury of selection will be Miss Ella Shepard Bush, Dean Arnold Bode, Daniel Lewis, Alfred James Dewey and Vernon Jay Morse.

Old Peoples' Home To Get Large Sum Under Burns Will

Half of the principal of the late Clara Northway Burns' \$250,000 estate will go to the British Old People's Home in Sierra Madre, under the will admitted to probate this week by Superior Judge Warner. The contestants on the will were ruled out of court after lengthy discussion.

Under the will Ivan F. Bolton is willed three-fourths of the income of the residue of the estate during his lifetime, and Hugh Nason is willed the other fourth similarly. Upon their death the principal of the trust fund is to be divided equally between the British Home and the Hollenbeck Home.

No plans have been formulated by the directors of the institution here for the disposal of the gift.

President Okeys Ross Field Bill; Plan Play Center

As President Roosevelt's signature was affixed to the bill transferring Ross Field back to the county Tuesday, the Los Angeles County congressional delegation met with Congressman Hoepfel and Supervisor Herbert C. Legg in Washington to confer on plans for transforming the former balloon field into a public recreational center.

Approximately \$219,000 will be necessary to improve the park as originally planned, it is estimated. Efforts of the Santa Anita Golf Club, organized to promote a golf course on the field, appear to be stalemated by the general public sympathy with plans for swimming pool, tennis court, baseball diamond, football field and children's playground.

City Gets State Funds For Orange Grove Ave. Paving

Sierra Madre's \$4,403 share of the county's \$1,538,669 gasoline tax allocation for the biennium just closing was credited to the city by the State this week. The amount represents the approximate sum expended on the Orange Grove avenue project. Apportionments were made to cities on a population percentage basis under the terms of the law of 1933, giving cities a quarter of a cent a gallon of the State gas tax. An amendment to the law adopted by the Legislature that has just adjourned will double local receipts for the coming biennium.

More Realty Sold; Homes Are Going Up

Choice Properties Change Hands And Building Permits Are Issued

Continued activity in real estate transactions and new building projects throughout the city were reported this week.

Miss Emma Jameson, of 383-C West Central avenue, has taken out a permit for the construction of a \$7,000 home to be erected on her newly acquired lot on the Fowler tract, at 440 West Montecito avenue. Work was started this week on the house, which will be equipped throughout with electrical appliances.

Inspector and city engineer, of 383-B West Central avenue, started excavations this week for a new Spanish type home on his lot at 625 Manzanita avenue.

Extensive improvements and enlargement is being carried on at the home of W. J. Scanlon, at 635 East Grand View, and a number of smaller repair jobs are being carried on in every section of the city.

Mrs. Nora M. Mesecar sold the property at 357-63 Sycamore Place to an unnamed local party. A. C. Scanlon, of 535 Woodbury Road, Altadena, has purchased the S. G. Auer residence at 181 East Grand View avenue, and will make his home here.

Miss Laura Cadmus, in Sierra Madre Canyon, reports the sale of a house and four lots at 762 Woodland Drive to Mrs. L. A. Roberts of Long Beach. The property formerly was owned by Miss Pauline Farquar. Sierra Madre Pool Hall, operated by William Deutsch, is moving from its present location at the corner of West Central avenue and Windsor Lane to 41 North Balwin avenue on Monday.

Martin Denounces New State Tax Laws As Mere Crazy Quilt

Assemblyman Frank G. Martin, only member of the California Assembly who voted against imposition of a State income tax, was unsparing in his criticism of the recent Legislature on his return to his home in Altadena on Wednesday.

"I believe that, in the long run, the State income tax will do the State more harm than good," said Martin. "This State sorely needs a simplified, broad-based equitable tax system. It has no tax system at all now," he declared. "It has a crazy quilt of a dozen different kinds of taxes, without consistency or co-ordination. The people of California will be at fault if they do not demand two years hence adoption of a definite, simplified plan. They should elect a legislature with the courage and initiative to give them this."

"I was strongly opposed to the in lieu taxes on automobiles and I feel it is particularly unfortunate to have such taxes and yet have the proposed severance tax defeated."

State Fixes Basis For New Sales Tax Effective Monday

The Board of Equalization is now preparing a list of tax exempt articles under the new sales tax act, for the convenience of worried merchants, according to Chairman Ray L. Riley. In payment of the tax by merchants, assessment will be made on a percentage of the exempt commodities purchased in relation to the total purchases, Riley states.

According to the act, sales amounting to from 1 to 14 cents will still be exempt from tax, and the 3 per cent rate will apply as follows: from 15 to 49 cents, 1 cent; 50 to 83 cents, 2 cents; 84 cents to \$1.16, 3 cents; \$1.17 to \$1.49, 4 cents; \$1.50 to \$1.83, 5 cents tax, and so on up. The new law becomes effective Monday.

Observations

By Lee Shippey

I'M annoyed about the bootlegging of firecrackers. Sierra Madre dealers obey the law, but for two weeks our boys have been going to Monrovia or Pasadena and bringing back firecrackers. Sunday before last a law-breaking dealer in Monrovia sold my kids firecrackers "on conditions they wouldn't set them off until they got outside the city limits." Firecrackers are just about twice as dangerous outside the city limits as inside. Of course kids will use firecrackers, but dealers in this territory should not sell them before July third.

Local Officers Is Appointed Chief Of La Verne Police

Loren (Tex) Schoemaker, extra man on the Sierra Madre police force, has been appointed chief of police of La Verne and will assume his new duties on Sunday. He was appointed over 11 other aspirants, including former Chief Jack Richards, of Arcadia, and other men of long experience.

Schoemaker, 6 feet 5 inches tall, came on the local force just a year ago after having qualified for a position on the Pasadena force by attendance at the police school there.

Property Of Utilities On City Tax Roll

Assessor Says \$222,035 Will Be Transferred To Sierra Madre From State

City Clerk Waverly Pratt informed the City Council Wednesday night that County Assessor Ed Hopkins this week submitted the tentative report of Sierra Madre's utilities valuations, which this year have been transferred from the State to the city tax rolls through the Riley-Stewart Act.

The valuation of utilities property here, which may be changed prior to the adoption of the local government's 1935-36 budget and tax rate, totals \$222,035. This amount, or its approximation, will be added to personal properties and real estate now taxable.

High hopes of taxpayers that the latest tax source may result in drastic tax reductions are slightly dampened by the fact that the utilities revenue will be needed to a certain extent to offset the loss of personal property taxes formerly collected by the city on automobiles. An approximate \$1,600 per year will be denied the city by transfer of automobile taxation from the personal property tax rolls directly to the State. Although municipalities receive about 25 percent of car funds collected under the in lieu auto tax, on the basis of automobile registration, the net loss to local government figures around 40 cents per capita.

Nichols Celebrate 69th Anniversary Of Their Wedding

Eighty-nine years "young," still filled with the joy of unselfish living, and delighted in each others company as much as when they were wed in Thomastown, Connecticut, 69 years ago, Mr. and Mrs. Frederick O. Nichols celebrated their wedding anniversary at their 45 Olive street home Sunday afternoon.

Thirty guests, including many relatives and old-time friends, were present at the unique tea reception to pay respects to the happy couple. A huge basket of mixed flowers came as a surprise gift from members of the family as the party congregated in the Nichols' beautiful garden.

Masons Will Hear Shippey Tuesday At Dinner Meeting

Lee Shippey will be the guest speaker at the Masons' monthly dinner meeting at Masonic Temple Tuesday, July 2, at 6 o'clock. Thomas Miller, Jr., local lodge Master, invites all Masons to attend.

OFFICERS OF WOMAN'S CLUB INSTALLED AS FAREWELLS ARE TAKEN FOR THE SUMMER

Mrs. White, New President, Plans Three Social Functions During Vacation

By Mildred Curtis Bolms

TELL all the world that summer's here again:

Folk go about so solemnly and slow, Walking each one his grooved and ordered way— I fear that otherwise they will not know!" keep recurring to mind, as the gay throng of clubwomen and their guests met on Wednesday for the last time this season. Adn then a deeper chord was struck as farewells, promises and plans were expressed. In looking back, it seemed that past events, seemingly important at the time, had given place to succeeding ones, as is the way of Life, and those burning thoughts of the "Rubaiyat" sang the air!

"Ah, fill the cup: what boots it to repeat, how time is slipping underneath our feet: unborn tomorrow and dead yesterday, why fret about them if today be sweet!"

The untiring service of Mrs. J. J. Bryan all during this club year has been one of the many sweet offices of friendship that have been performed. As Ways and Means chairman of the Sierra Madre Woman's Club—and everyone knows what that means in these days—Mrs. Bryan brave-

Girl Shot To Death While At Play Here

"Toy" Revolver Fatal To 11-Year-Old Jessie Vieira In Canyon Accident

"Let's play Indian!" said one small youngster, brandishing a harmless wooden pistol in the air. A few minutes later the sound of children's voices raised in fun were silenced—and 11-year old Jessie Elizabeth Vieira lay dying on the ground, shot through the brain by a playmate. So, for the second time this summer, a Sierra Madre child fell victim to an accidental shooting.

Jessie Elizabeth, the daughter of Mr. and Mrs. James Vieira of 487 Woodland Drive, was playing with several other children near the Sierra Madre Canyon Plunge Wednesday afternoon. Little Lorna Mae Hagen had an idea she knew where there was a gun much more realistic than "Happy" Heasley's wooden one.

She ran into her home, at 483 Sturtevant Drive, and climbing up onto a heater, she managed to reach a shelf almost six feet from the floor. On the shelf was a 38 calibre double-action revolver—belonging to her father, John Hagen. When she ran out to join her playmates, they thought she had a new Fourth of July toy. They tried to take it away from her to play with. Lucille Clark, nine-year-old daughter of Mrs. Lucille Clark, of 523 Sturtevant Drive, was laughing as she made a grab for the gun. Then the "toy" went off and Jessie Elizabeth toppled from where she was seated, on a nearby rock. At first they thought she was playing. Then they got scared and ran away.

Hearing the shot, Mrs. James Heasley ran out from the plunge office, found the child bleeding on the ground and summoned Dr. M. H. A. Peterson. But frantic first aid, and subsequent treatment at St. Luke's Hospital was of no avail. The little girl died shortly before midnight Wednesday.

Jessie Elizabeth was born in Alhambra a short 11 years ago, but had lived in Sierra Madre most of her life. She was in the sixth grade of the local grammar school. Surviving her are her parents, a brother, Robert, three sisters, Jean and Virginia, and Mrs. Olive Dennee, of Hawthorne; and a grandmother and grandfather, Rev. and Mrs. A. C. Lewis, now living in Oregon. Mrs. Lewis founded the Lincoln avenue Presbyterian Church in Pasadena and was pastor there several years ago.

An inquest will be conducted at Grant Chapel at 1:30 o'clock this afternoon. Funeral arrangements will be announced this morning.

Jean Spoelstra Starred As Queen In Tonight's Show

Little Miss Jean Spoelstra is starred as the "Fairy Queen" in tonight's presentation of "Peeps," being staged by the pupils of Mme. Marion de Beaulieu's creative studios at the public school auditorium tonight at 8 o'clock.

By special request the fantastic dance-story of the "Sunshine Fairy" will be repeated tomorrow night, June 29, at the Studio Theatre of Fanchon and Marco in Pasadena.

ny strove to make both ends meet. It was she who undertook the task of supplying the cafeteria tables upon Mrs. Manchester's Book Day through solicitations. And we all remember that the inner man was never neglected, don't we?

Then there was Miss Leah Fletcher, who always plucked her posies and saw that contributions of flowers were forthcoming with which to embellish the stage. In this galaxy of faithful members is Mrs. George Lehnert, too, who knew she could successfully direct a bazaar and flower show, and did it!—And who can forget the work that Mmes. Sandage, Hays, Hollingsworth, Webster, James, Buie, Buckingham, Newberry, Ashmore, Solury, White, Robertson, Farman, Lawless, Myers, and dozens of others have done? When their deeds are all checked up, cynicism fades into the background.

Then the artists who have come and gone, through this brilliant caravan Serai were faithful above all things. Miss Regina Gority's arresting voice delighted the audience upon many occasions, and Miss Ruth West and Miss Lalla Fagge also have been generous with their respective arts.

Who can forget those roses of today, the juniors? Their scholarship fund and their Christmas charities are really worthwhile services to mankind. It is no wonder that Mrs. Tug-

(Continued on Page Six)

Ten Thousand Townsends Stage Rally In County Fair Grounds At Pomona

COME with me to one of the most inspiring meetings the Townsend forces have held this summer. Picture the mammoth grandstand in Pomona's fair grounds and you will have the background. Then let your fancy draw ten thousand hopeful enthusiastic people united under one great bond of common interest and you will see in your mind's eye, the family that gathered together last Sunday for the 12th Congressional rally.

The program offered was the fourth and concluding one in the two-day event. Tranquility and faith ruled that gentle summer day. Peaceful farms, green and tawny in the sunlight, lay at the feet of the far-flung Sierra Madre mountains. Farms which echoed the sweet strains of the Soprano's Song: "God Will Take Care of You," sung by Miss Wallingford of Pasadena. Other artists who graciously gave of their talent and time were those four clever young men from La Verne who threatened to steal the entire show with their renditions of the good old songs.

Oh, and then there was fiddling too, and an address of welcome by the Mayor of Pomona, who expressed the warm sentiments of his cultured college town.

Men and Women of San Bernardino, Redlands, and Riverside counties had given freely of their energy and time to make the rally successful. A note of humor was injected into the scene by the appearance of the tried but true farm wagon drawn by a team of sturdy Missouri mules whose tenacity will measure up with any financiers'. In fact, they are all primed to give the "he-haw" to failure. Needless to say, these little fellows from the blue Ozarks got a big hand.

And now, Paul Lichtenfeld, of

national headquarters stepped forth to deliver his earnest plea for a square deal. He said he had never addressed so many young people as he saw before him on Sunday, and it was one of the brightest indications of their awakening. The fact offered him an opportunity to explain that the burden of taxation will not be thrown upon their shoulders, as Townsend opponents would have everyone believe.

Pertinent remarks upon the ceaseless struggle to save through the normal years were also expressed, together with a denunciation of the absurdity of destroying food when we have not the sense to distribute! E. E. Gordon, State Area Manager for the Southern California District, added his share to the program.

The Sierra Madre party was made up of Mrs. Minnie R. Mac Dowell, Dr. Edith Dutcher, Miss Josephine Curtis, Mrs. E. Frank Reade, of Glendale; the writer, Mrs. Angle, of Long Beach with Mesdames C. Royer and A. Marshall, and Clay Angel of the same place. A picnic luncheon was enjoyed in Pomona's lovely rustic park, after which the party drove to the art center in the Padua Hills.

Mildred Curtis Bolms

Pupils In Recital Delight Audience At Grammar School

The piano recital given by the pupils of Mrs. Myrtle G. Hill was considered an unquestioned success by the many friends who gathered in the school auditorium last Saturday. Mrs. Hill's ability to make children feel that they have a story to tell with their fingers, was aptly displayed by the individual interpretation and style of each pupil.

A varied program of classical and modern numbers was given most delightfully by pupils ranging from the primary to the high school grades. The interpretive dances by Eileen Pulling and Mary Lou Lovejoy added to the interest of two piano numbers. Miss Dorothy Pratt's lyric soprano voice was particularly pleasing in two vocal numbers. Miss Pratt was accompanied by Mrs. Hill.

The piano numbers were given by the following: Margaret Gonzales, Margarita Sandoval, Ruth Lopez, Gracie Annas, Mary Lou Lovejoy, Kathryn Douding, Sylvia Shippey, Courtney Manker, Irene Daisley, Frank Shippey, Joan Hinkley, Paul Beithon, Theresia Keyes, Mario Uriarte, Raymond Andrews, Mary Jane Clatworthy, David Lobos, Nellie Gonzales, Lois Wilson, Elizabeth Ortiz, Donald Keyes, Lucille Clark, Patricia Beithon, Berta Uriarte, Margarite Bridgeland, Victoria Ballesteros and Dorothy Pratt.

AL CAPONE'S FORMER COOK PREACHING IN THIS CITY
Rev. C. Yoder, once cook for Al Capone, is preaching at the Old Meeting House, 191 West Central avenue, every night. He is going to reveal some of the secrets of Al Capone, some of the horrors and some of the methods used by this man, who was king of the underworld. The public is invited.

Growers Are Warned By Citrus Head

With Enormous Crops, Fight For Markets Must Go On, Institute Is Told

Paul Armstrong, general manager of the California Fruit Growers Exchange told the citrus institute at Santa Ana this week that while the Valencia season is off to a good start with 15,000 cars moved to June 15th, the statistical picture for the balance of the season is none too bright with 45,000 cars estimated remaining after June 1st, compared with 25,500 cars shipped after that date last season. He stressed the need for increasing demand and described the sales and advertising efforts of the Exchange.

The movement to date includes over 3,000 cars exported and 1,000 cars to be shipped. Ports of Valencia after June 1st are estimated at 2,000 cars. The Exchange has exported over 800,000 boxes of Valencia to date and has another 450,000 boxes for the balance of June and July, Armstrong said.

Even with the heavy exports and if 2,500 cars could be held to go after November 1st, there remains 60 percent more Valencia for domestic markets than was sold last year during June to October inclusive.

"Exchange lemon sales to June 1st were 17 1/2 percent ahead of the past five year average, still Exchange storage was 7,869 cars, or 81 percent above the five year average," Armstrong stated. The Exchange head reminded growers that in giving so much attention to control of supply, they must not forget that it is still more important to widen distribution and increase demand. This had not been overlooked, he said, and the industry is making real progress, but must make more and make it faster. Citrus sales since the depression have averaged 24,000 cars a year more than when the country was prosperous.

"Valencia and lemon production is definitely up and young acreage will keep it so. We must build demand to an equal level and I believe it can be done by aggressive sales and advertising efforts," Armstrong said. "Exchange growers are this year investing over a million dollars in advertising oranges and another half million on lemons. I wish the other shippers would do likewise in proportion."

SCHOOL NURSE GOES TO EAST COAST VIA THE CANAL
Mrs. Ellen Coll Barker, Sierra Madre school nurse, left Monday for New York, by way of the Panama Canal and West Indies. While in New York, Mrs. Barker plans to make her annual visit with her family.

Guadalajara Woman To Speak At Church Sunday Morning

With Mrs. E. E. Bacon presiding, the Woman's Society of the Congregational Church will have charge of the morning services at the church on Sunday. Miss Ramona Salazar of Guadalajara, Mexico, will be the principal speaker. Miss Salazar is a native of Mexico, and a graduate of Pomona College. She is here on a short leave of absence, to attend summer classes and conferences. The local church is among the few churches privileged to hear Miss Salazar. She has had charge of a friendly center (Casa de Buena Voluntad) in Guadalajara, and will have many interesting things to relate. The children from the Plaza Home will provide special musical numbers. Miss Salazar will also speak to the Sunday School.

Dewey Art Students Will Hold Exhibit Sunday Afternoon

The landscape class of Alfred James Dewey will hold a public exhibition and reception at the ramada of the N. W. Tarr home on West Central avenue Sunday afternoon. Dewey's students from Los Angeles, Altadena, Alhambra and Pasadena will exhibit their paintings and sketches of local scenes.

Local Golfers In New Arcadia Club

Thirty persons from Sierra Madre, El Monte and Monrovia have signified intention of becoming members of the newly organized Santa Anita Golf Club. The club held its second meeting Sunday at an outdoor luncheon in Santa Anita Canyon.

OBITUARY

RUFUS T. KNIGHT

Rufus Thompson Knight, father of Mrs. W. D. Tiller, of 522 West Central avenue, passed away at the home of Dr. W. D. Tiller, Sunday, June 23rd. Mr. Knight was a retired merchant, and came to live in Sierra Madre eight years ago, making a host of friends here. He was a native of Nashville, Tennessee, and was 52 years of age. Surviving him are his wife, Mrs. Ella E. Knight, his daughter, Mrs. W. D. Tiller, and a son, Ralph T. Knight, all of this city. Funeral arrangements were in charge of Grant Chapel, where the services took place Tuesday morning at 10:30 with Dean Arnold Bode officiating. Interment was at San Gabriel.

In a Social Way

BEFORE an altar banked with Leptospermum and white larkspur, and lighted with cathedral candles in the living room of Mr. and Mrs. W. R. Morgan, of 534 West Montecito avenue, Miss Hilma Elizabeth Rhodes, daughter of Mrs. Palmer Rhodes, of Sierra Madre, and Frederick C. Borden, of Altadena, son of Mr. and Mrs. E. C. Borden, pledged their troth at 5 o'clock on Tuesday evening. Dean Arnold Bode read the beautiful Episcopal service.

Just as the rays of the sun were tinging the mountains violet and bronze, Miss Pauline Turrill of Long Beach and Los Angeles, former teacher and close friend of the bride, played most expressively Chopin's Nocturne in F. Sharp.

Mrs. Morgan sang "I Love You Truly" to Miss Turrill's accompaniment. "On the Wings of Song," by Mendelssohn-Liszt, followed this selection.

The bride entered the room on the arm of W. R. Morgan. She chose filmy white chiffon for her gown, made on flowing simple lines, with touches of smocking in the sleeves and waist. A wreath of orange blossoms held a short veil in place. She carried white sweet peas, gardenias and Lillies of the Valley, mixed with maidenhair fern.

Miss Una Schaefer, of Hollywood, in her role of maid-of-honor, was clad in a fluffy gown of lemon-colored mousseline-de-soie and she carried Talisman roses. Newton Borden served his brother as best man.

The bride, who has spent most of her life in Sierra Madre at the home of Mrs. Morgan, is extremely popular in the young set of this community and Long Beach. She attended the Sierra Madre school, the Long Beach schools and was graduated from the Broad Oaks Kindergarten Training School of the later city. She has been the recipient of numerous showers given by her sorority sisters in various places, and will have to write "thank you" notes until Christmas, judging from the bewildering array of exquisite wedding presents.

A reception concluded the simple and beautiful occasion to which only relatives and close friends of the bride had been bidden, about sixty in all.

Mrs. Rhodes was charming in orchid lace, and Mrs. Morgan wore a shell-pink silk suit. The bridal couple departed amid the congratulations of the throng and strains of Greig's "Love Poem," played by Miss Turrill. Their destination will be Santa Barbara, San Francisco and the Oregonian resorts, after which they will reside in Pasadena in August.

Mildred Curtis Bolms

GIVEN in marriage by her father H. A. Nobles, Miss Mary Cathryn Nobles of East Pasadena, became the bride of Everett Baxter Gibson, of this city, Friday evening, at the Hartzell Memorial Church in Pasadena. The Rev. J. L. Boyd performed the ceremony in the presence of 60 guests. The bride was attended by her sister, Mrs. Fred Peebles who acted as matron of honor. Bridesmaids were Misses Gertrude Bateman, Lucille Peebles and Esther Nobles. Robert Jensen acted as best man, while Harold Hayes, of Pomona, William Edwards and Claude Allen, of Sierra Madre, were ushers. The bridal march was played by Merrill Jensen, organist, and Miss Ruth Haworth sang "I Love You Truly" and "Because." The bride was graduated this year from Pasadena Junior College and is a member of the Woodrow Wilson "4 H" Club. Mr. Gibson is president of this group.

The wedding was a culmination of a romance which had its inception five years ago while the young couple were students in Woodrow Wilson Junior High School.

Miss Nobles is the daughter of Mr. and Mrs. H. A. Nobles, of 3428 Oakdale Avenue, Pasadena, and the bridegroom is the son of Mr. and Mrs. Frank E. Gibson of this city. Mr. Gibson is connected with the Postoffice here, and is an accomplished horseman and leather worker.

Mr. and Mrs. Carl Sanborn and daughter, Ann, of San Gabriel, were guests at a daintily arranged Sunday evening supper at the home of Col. and Mrs. H. B. Bersey of 575 North Hermosa.

Capt. and Mrs. E. G. Everett of 65 Vista Circle Drive will be among the guests at the reunion of the 13th Reg. Minnesota Spanish American War Veterans, to take place at Orange County Park Sunday.

Capt. and Mrs. E. G. Everett of 68 Vista Circle Drive had as their guests on Friday, Mr. and Mrs. A. J. Shirley, and Mr. and Mrs. Sheehan, of Los Angeles.

Serverina Bugge will be hostess

Chapter O.E.S. given in honor of their worthy matron, Mrs. Orlowene Houser on Wednesday.

Misses Ruth Wheeling, Marian Daily and Cynthia Hull attended the wedding of their club sister, Miss Eleanor Grieg, of Monrovia, to Morris Harper of Pasadena, at the "Little Church of Flowers" in Glendale on Monday evening.

Outgoing and incoming officers of the Congregational Young People's Society were guests Thursday evening at a delightful buffet supper given in their honor by Mrs. A. O. Pritchard, and Mrs. W. S. Hull at the home of the latter, 540 West Montecito avenue.

Mrs. Mildred Taylor of 231 East Grand View avenue recently entertained a group of friends at a smartly appointed luncheon in honor of Miss Julia Ellen Rogers, who has been the house guest of Miss Ella Shepherd Bush.

The 1934 Worthy Patron's Association of the O.E.S. is being feted Sunday evening at the Fred Walters mountain home in Pasadena Glen. Among the Sierra Madreans attending are Mr. and Mrs. Sandage of 168 West Highland avenue.

Eugene Keables of 234 Santa Anita Court, was pleasantly surprised Thursday evening when a group of friends called to extend their congratulations on his birthday. Dancing and refreshments were the features of the evening.

Mrs. Dona Robertson of 43 West Laurel avenue will attend the O.E.S. party at San Gabriel July 12 as guests officer "Martha" from Sierra Madre.

Entertaining with a buffet supper and shower at their home on Wednesday evening in honor of Mrs. William Olson of San Gabriel, Mr. and Mrs. Boyd Keith of 326 East Central avenue had as their guests Mr. and Mrs. Marvin Weese, of this city; Mr. and Mrs. William Roether of Arcadia, and Mr. and Mrs. William Olson, of San Gabriel.

Mr. and Mrs. A. H. Holcombe of 608 Elm street entertained at dinner on Sunday. Their guests were Mr. and Mrs. Harlan Phelps of Pasadena, and Mr. and Mrs. T. Showalter, of Westwood Hills.

"PRIMING THE PUMP" LEGISLATION PACKS STAGGERING TAX BURDEN ON THE BACKS OF CALIFORNIANS

Organized Minorities Swayed
State's Lawmakers Al-
most Unbelievably

By Ralph H. Taylor
Executive Secretary, Agriculture
Council of California

Editor's Note: This is the first in a series of articles by Ralph H. Taylor, Executive Secretary of the Agricultural Council of California—representing the State's major farm cooperatives—analyzing the work of the 1935 State Legislature as it affects the general public. No other Legislature in the State's history has delved so deeply into the pocketbooks and the every-day, work-a-day lives of California citizens as the Legislature just concluded and no California citizen can afford to disregard it. Mr. Taylor, a recognized authority on problems of State government, interprets the legislative show as it bears on your family, your business and your security.

EAT, drink and be merry for tomorrow it may cost you double! . . . Such, if he knows the worst, is the probable reaction today of that peculiarly anonymous fellow—the Average Californian—as he contemplates the future in light of the 1935 State Legislature's past. And even if he considers the original and unabridged ending of

the epigram—the undoubted truth that he must surely die—Mr. Citizen will still be in a bad way. For California's lawmakers played no favorites. They increased the cost of dying—by increasing the inheritance tax—just as they increased the cost of living—by increasing the sales tax!

All in all, the Legislature left the taxpayer in a sorry plight. But each blames the other for the debacle. The Legislature says, with a certain degree of accuracy—that the public has constantly (and even recklessly) piled demand on demand for more services—and that the public must consequently expect to pay the bill. And the taxpayer retorts, also with some truthfulness, that he wanted nothing so much as fewer services, less overhead and lower taxes.

The truth of the story is that in between the Legislature and the average taxpayer came organized minorities (representing various sections of the general public) demanding their due, often with little or no regard for mounting costs and skyrocketing tax rates. And it is equally true—still being impartial—that no Legislature in the history of mankind was more responsive to the dictates of organized minorities than the Legislature just ended.

Reflecting, in large part, the unrest of the times and the bewildered groping of the rank and file of the people for a way out of the economic wilderness, the

IN YOUR
GARDEN

By Jessie Ward Russell
Landscape Gardener

SHRUBBERY should be pruned now to shape up, especially where overgrown or crowding each other too much. All deciduous flowering shrubs that have not already been pruned, should be done now.

Fruit trees such as Avocados and citrus should be irrigated now.

Fertilize lawns with weedless steer manure and also a little commercial fertilizer, using about 25 to 35 pounds of a 5-10-2 mixture or 5 pounds of "Amophos" to every 1000 square feet of lawn. Use four bags of steer manure to 1000 square feet.

Pinch back dahlia plants to

1935 session broke records and precedents with equal abandon—running for 125 days (and many nights) to go down in the books as the longest, most expensive, most exasperating, most contradictory and most nerve-racking legislative meeting since California achieved statehood.

Wallowing in superlatives, it passed the biggest State budget in history—\$376,000,000!

Again, to make good its commitments, it enacted the biggest State tax program in history—roughly \$366,000,000, as the experts compute it.

And of the total tax program approximately \$117,500,000 represented new taxes. A major share of this new load, however, was required to offset the shift of public utility properties from the State to the counties under the Riley-Stewart tax relief plan, broadening the local tax base to relieve common property taxpayers. The State's loss—and the counties' gain—by this shift is estimated at \$65,000,000 per biennium.

In sharp contrast to the session of two years ago, which was marked by an avalanche of "economy legislation," with fact-finding commissions diligently probing for means of retrenchment, the Legislature of 1935 was notable chiefly for the myriad schemes proposed to raise new revenues, with an almost complete absence of economy sentiment.

But again, in fairness to the lawmakers, they were undoubtedly reflecting the attitude of their people back home—the new policy of "priming the pump," creating jobs and putting money in circulation. In the abstract, to be sure, every taxpayer is a sincere believer in economy. But in actual practice—in his demands on the Legislature and in his voting at the ballot box—the California taxpayer has probably been just as improvident as his lawmakers.

Perhaps the most significant trend of the session was the general disposition to "take it away from the man who has it"—a modified "share-the-wealth" program carried out under the guise of taxation. No one can deny the fundamental soundness of using capacity to pay as one of the yardsticks in measuring tax responsibility, but the present danger seems to be that the policy will be carried to such extremes that the thrifty and industrious will be penalized to provide for the careless and indolent.

(Next week: "New Taxes you Must Pay")

Fire Flames

IT has been so long since we have had a fire call that we could about claim a record. Even at this hazardous time of year, there has been but one call for a grass fire. The boys will forget how to swing the wet sacks that are carried on the rear of the trucks for this purpose.

A few of the firemen were among the party that included many Kiwanians and who made a fishing trip to the deep sea last Thursday. Jack Woehler may lay claim to being a very good fisherman, but the only fish he even came nearly getting knocked his hat into the ocean. There were plenty of fish flying around the boat on the return trip, but none of them had wings, which is a sure sign that there were firemen aboard. Steve Petzel, as usual, pulled in his share of the brain food, while Frank Lovell crowded a lot over two baby halibut that caught on his line while he slept. The largest fish was stabbed by Guy Scott and he wore a smile all day.

It was a quiet Sunday evening. Jim Heasley was going about his duties in the City Hall when suddenly he heard someone laughing from the police station. Rushing there with gun in hand, he expected to see a mad man. Cautiously approaching the door of the room, he looked through the crack of the door and there discovered Bob Babbitt surrounded by the Sunday funny papers.

make them branch. It is a good plan to pinch back zinnias, asters and marigolds, too, to get bushy plants.

Pentstemons are a splendid garden flower for they bloom almost continuously summer and winter. Their bright, trumpet-shaped blossoms will brighten up the garden.

It is not too late to plant ageratum, asters, marigolds, ageratum, and petunias.

For shady beds under trees a pleasing combination is to plant ageratum, dwarf flowering begonias, fuchsias and michelmas daises.

Use peat or leaf mold for camellias, daphnes, gardenias and azalias.

If you will go out into your garden in the evening between 9 and 10 p.m. with a strong flashlight you will be able to gather quite a crop of snails. They are usually crawling about at that time and are rather easy to find.

Make basins about shrubs and trees so that they will get enough water when you irrigate.

Cheromoyias or Custard Apples are not widely known, yet they thrive well here. They make a small, shrubby tree. The fruit is considered one of the most delicious of all fruits, the flavor resembling pineapples, strawberries and peaches all in one. The fruits vary in size from the size of a peach to the size of a pineapple. Some of the best named varieties are McPherson, Whaley and Bays.

A. L. A. Activities

By Helen Lovejoy

LARGE GROUP attended the 18th district annual picnic at Monrovia at noon on Thursday. Each district chairman urged the girls to keep an accurate account of their activities between now and the time for installation of our new officers and chairmen. This is for the good of the organization, even though it is not compulsory. To help make next year one to look forward to, rather than a vague picture, we will have a clear and concise record to hand over to our successors.

The next district meeting will be held in Monrovia clubhouse at 7:30 p.m., July 29th, where we will elect our next year district president. Mrs. Pearl DeLapp is the only nominee so far, with Miss Vera Orvis as the only candidate for 1st vice president. Our delegates to convention will do the voting. The past year has been a very active one with our own president acting as Junior membership chairman.

Our poppy posters arrived too late for the judging in district. The winners will be announced later.

In the face of disturbed world conditions, new threats of wars and feverish increasing of armaments by many nations, the women of the American Legion Auxiliary are emphasizing this month work for international friendship and understanding. Maybelle Caley Barker, chairman of the Finance committee of Sierra Madre Unit 297, stated today, June is "Fidac Month" in the Auxiliary and the attention of the Auxiliary's members is being directed toward the program of Fidac, the International Veterans' Federation, for strengthening the friendship among the peoples of the various countries as a basis for lasting peace.

"Through the Women's Auxiliary of Fidac, the American Legion Auxiliary keeps in touch with the women's organizations in the European countries allied

Mothers And Members Of Childrens Drama Guild To Hold Annual Picnic; Schedule Rummage Sale For July 13

JULY 13 is the date set for the next Rummage Sale given by the Children's Drama Guild. It will be held in the Costume Room on Central avenue. Articles for this sale will be gratefully received.

The mothers of Guild members are invited to the annual Picnic which will be given July 6th. Each family is asked to bring its luncheon. Lois Pickett, program chairman, is in charge of the entertainment. A wonderful time is anticipated as Mrs. Paul Royce, mother of the Guild president, Marjorie Royce, has offered her gardens and swimming pool for the event.

Mary Lou Lovejoy presented an impromptu feature for last Saturday's program. Anna Sue and Margarette Adwail, Grace Jensen, and the originator took part in the entertainment. Much laughter was provoked by the pantomime and improvised lines. All the children received awards for excellence.

There are still a few costumes out. In the future a child who retains a borrowed costume beyond the time for its return will be fined at the rate of 10 cents a day. This fine must be earned.

Service is one of the points stressed in the operation of Guild activities. An example of this very important factor was expressed at the last meeting when one of the older girls presented a can of home made candy to a child who is unable to pay her monthly dues. Another older girl helped the smaller one sell the candy.

The president of the Guild gave a brief talk on the importance of promptness. When awards are made at the end of each fiscal year there are many disappointments. Promptness and reliability play an important part in the choice of winners.

Again mothers are urged to attend Guild meetings that they may know exactly what their children are accomplishing.

All children who are unable to earn their 10 cent monthly dues are urged to talk to Geraldine Davis, chairman of this department.

Last Tuesday Patsy and Mary

in the World War," Mrs. Barker explained. "We strive to develop in America a better understanding of the customs, problems and aspirations of these countries and to give them a truer understanding of the United States. We hope to build upon the friendships established when the men of the different Fidac countries served side by side in the World War and develop good will of such depths that international difficulties can be settled peacefully."

The next meeting of the Juniors will be at 71 Suffolk street, on July 6th at 2 o'clock.

SUMMER SCHOOL FACULTY ENJOYS YACHTING PARTY

The faculty of the summer Bible School of Bethany Church were guests on a yachting party last Tuesday. The 12 guests left Sierra Madre Tuesday morning at 7:30 and boarded the C. E. Needham for a days fishing around Catalina Island.

William Adwell had charge of the properties. Grace Jensen appeared on an American Legion Auxiliary program in Monrovia last Saturday evening. She represented both the Cricket Caikin-von Klunk Studio and the Guild.

Rehearsals of "The Green-Eyed Monster" are set for Mondays, Wednesdays and Fridays. "God's Black Angel" will be rehearsed at the home of the Director, 194 Mariposa avenue, Tuesday evenings.

GET A MODERN CAR IN 1935

Style

THE Ford V-8 is truly a modern 1935 production. Its beauty is more than skin deep. It is the result of basic chassis changes and a low center of gravity which gives streamlined style.

Inside you will find new roominess, new custom type upholstery, newly designed instrument panel and handles. There is generous built-in luggage space in all models.

In performance and riding comfort, this new Ford gives you many

new features—such as "Comfort Zone" riding. Yet economy and dependability have not been sacrificed in the slightest. Upkeep has been cut even below last year's economical V-8.

No matter how much you can afford to pay for a new car, be sure to see the Ford V-8 for 1935. A close inspection will convince you it has everything you want—it is a modern car in every sense of the word.

2,000 Veterans Get Home Loans From State Bond Issue

Two thousand veterans' farm and home loan certificates, of \$5,000 apiece, have been approved by the Veterans' Welfare Board. The money was the first to be released from the funds under the \$30,000,000 bond issue voted by the people of California last November. Future loans will be at the rate of \$1,000,000 per month, according to Thomas M. Foley, New welfare board chairman.

AD MEN TO SERVE AS PILOTS TO RECOVERY

"Advertising has a splendid opportunity at this very moment to do a job for the United States in putting men and capital to work."

In these words, Chester H. Land, president of the Advertising Federation of America, called upon advertising men to pilot the way to recovery as he addressed the organization's annual meeting in Chicago. He made brief reference to the Supreme Court's NRA recent decision, saying:

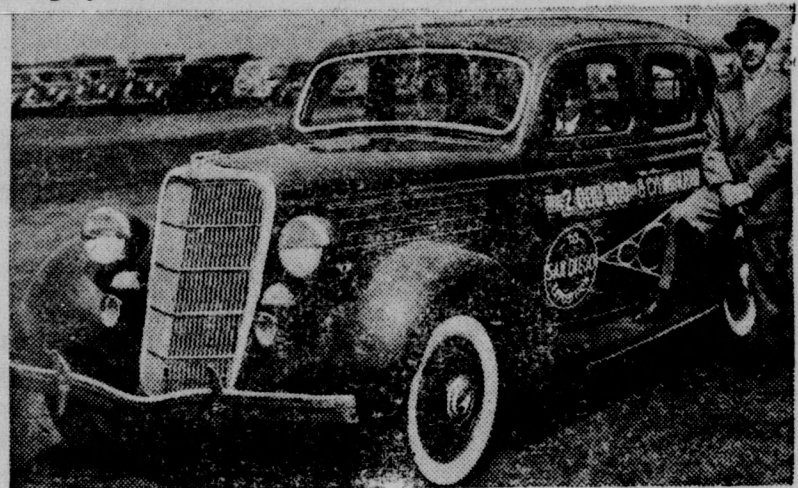

"Advertising needs no codes—progress is our code."

Statistics compiled by some of the leading authorities in America support the advertising chief's claim that increased advertising and recovery are marching hand in hand. Cities and regions in which advertising has made greatest gains in recent months show a corresponding climb in employment, and wholesale and retail trade.

2,000,000th V-8 Comes West

Edsel Ford is shown pointing to Henry Ford, his father, the legend on the 2,000,000th Ford V-8 which rolled off the assembly line at the River Rouge plant, Dearborn Michigan, on June 13th.

Henry Ford tries out the 2,000,000th Ford V-8 just prior to its leaving the Ford Motor Company's Dearborn, Mich., plant for San Diego, where the car will be exhibited at the Ford Exposition at Balboa Park early in July. Edsel Ford is seen with his foot on the running board.

The two millionth V-8 Ford—the one millionth Ford built in less than 12 months and approximately the 23,000,000th Ford ever built—is headed for America's Exposition, San Diego, where it will be placed on exhibition July 6th.

Henry Ford, founder, and Edsel Ford, president of the Ford Motor Company, watched the final assembly of the historic Ford. The car rolled off the assembly

County Balks On Doubling Tax Rate For Unemployables

County supervisors this week in effect issued an ultimatum to the Federal government when they refused to increase the 1935-36 tax rate to provide for the 26,000 unemployables which the SERA is planning to turn back to county relief rolls. This burden would compel the Board of Supervisors to jump the tax rate from \$1.20 to virtually double that amount to meet the \$15,000,000 additional revenues called for.

The county, in accord with the action taken by other counties from San Diego to Eureka, voted unanimously not to increase expenditures above the legal 5 percent limit fixed by the Riley-Stewart Act unless authorized to do so by a general election.

LEGG REVIVES EATON CANYON DAM PROJECT

Prospects of a flood control dam in Eaton Wash were revived this week as Supervisor Herbert C. Legg, now in Washington, D.C., telegraphed the Board of Supervisors that he is closing negotiations with the Public Works Administration for a Federal allotment of 45 percent toward flood control projects in this county.

The project for a rigid dam was recently abandoned when it was found that the \$500,000 in Eaton Canyon bonds voted in 1924 was insufficient to acquire the dam site and reservoir and proceed with the actual building of flood control structure.

Legg has been in the Capitol city for the past three weeks making arrangements for allotment of Los Angeles County's proper share of PWA apportionments. If the government agrees to contribute 45 percent toward such projects as the Eaton dam, the dam, to cost about \$750,000, will be built.

Enrollments In Summer School To Be Closed Today

Classes officially opened Tuesday at the Pasadena Summer School, located at Eliot Junior High School. Classes are being held daily from 8 to 12 a.m., during a six weeks' period, and among the several new courses announced are Biology 10-1, and ornamental iron and machine shop work. Enrollments are to be closed today.

Arcadia Science Lecture Open To Public Sunday

Sierra Madre Christian Scientists are cordially invited to attend a free lecture on Christian Science to be presented Sunday afternoon at 3 o'clock in the Arcadia-Monrovia-Duarte High School auditorium, at Orange and Madison avenues, in Monrovia. The talk will be given by Charles V. Winn, C.S.B., of Pasadena, a member of the Board of Lectureship of the Mother Church in Boston.

PEN SLANTS

By John Copeland

YOUR first impression is: Why she can't act at all! She's nothing but a little sawed off imp.

You think, and that guy Rob Wagner says she's greater than Duse and the rest! But you've never seen any of that school of actresses, so you can't contradict him.

Well, after awhile your eyes are a little tired, and you realize you've been staring at the screen steadily since she made her entrance. You can't take your eyes off her.

After it's over you ask yourself: Could anyone else have done that? And the answer is no; so she must have something nobody else has. She mimics the world and is almost satanic in her general gleam at life's drollery, then when her baby is dead and she calls out for help you suddenly realize she has in her all of the intensity and power and depth of Everywoman.

You go out of the theatre wondering how anybody could have tossed such swell bouquets at Garbo, Dietrich and Hepburn and the rest of the Exotics, with their superb costuming and glamorous lighting and their technicians' buildups.

But it's alright. They tossed their posies all away, in the path of this or that "Divine Lady;" it doesn't matter, because Elisabeth Bergner is so much greater than any of them.

THE jolly old Kiwanians, you'll pardon our calling them jolly old things but they are, you know! went fishing over the

FOUR STATES PICNIC
Four Western States will hold their annual picnics all day Saturday, July 6, in Bixby Park, Long Beach. Oscar Redemann will lead the New Mexico contingent, Edgar T. Fee, Nevadans, H. P. Maxwell, the Arizona folks, and O. H. Mewlett, the Utah division. Each state will have a separate section, with county registers.

By Henry Ivins Hawthurst

THE Art League is in its 25th month of existence and tomorrow night the students will entertain their friends and relatives at the "Old Barn" studio to view examples of their work.

The fact that the Municipal Art League is entering upon its third year of discharging art "as free as air" seems reasonable proof that there is a definite need in the community for art instruction. To date more than two hundred students have entered the League classes. Students have come and gone—gone when they discovered that there is no trick—there is no short cut in the process of becoming an artist who can produce worth while work.

We believe, however, that students who have romped around in the fundamentals of art, in the "Old Barn Studio," have left with a more profound respect for the works of established artists, who, through the indefatigable efforts of Mrs. Fred Griebenow, and more recently, Vernon Morse, have exhibited outstanding paintings in our Little Gallery. There are thirty actively enrolled in the Art League at present and before long the more advanced students will have the opportunity to work with professional models as subjects.

'G-MAN,' REAL THRILLER AT ARCADIA THEATRE

Now, for the first time since the passing of the unhonored Federal prohibition agent, the government law enforcement man has come into his own. The saga of the now popularly honored "G-Man" is told in the thrilling film drama of that name, which is screened tonight and Saturday at Gillette's Arcadia Theatre. James Cagney is in the starring role, and is supported by an excellent cast including Ann Dvorak, Margaret Lindsay and Robert Armstrong.

Also on the Friday-Saturday bill is "Mary Jane's Pa," an uproarious comedy with Guy Kibbee and Aline MacMahon, and a travelogue and cartoon. "Beyond the Bengal," a story of wild animal life, comes to Arcadia Sunday, June 30 and continues through Tuesday, July 2. Jack Holt in "The Unwelcome Stranger," also appears. Among the fine coming attractions are George Arliss' characterization of Cardinal Richelieu and "Star of Midnight."

briny off Long Beach Thursday. Sadly, they didn't catch any fish, but they had lots of bait left on the way in. So they threw fish at one another. H. Lang and C. Huntsinger were the chief targets at first, with J. Woehler one of the more persistent throwers. Somebody (they think it was F. Spencer) lost his hat in the ocean and almost immediately thereafter he caught a fish—caught it right between the eyes. Most everybody caught a fish somewhere on his person. So by the time they got back in town they smelled like something left over from a whaling voyage.

P.S.—On the same day a gang of Arcadians bagged more than 300 fish off Hermosa Beach. The fish were so plentiful that one assertedly jumped out of the water and slapped one Queen City Angler on the cheek . . . or so they say.

Fox newscast of the English Derby was the best sport film reporting we've seen in some time.

WE CAN stand up under a lot, but Colleen Moore's doll house is well on the way to driving us nutty. Talk about your "Let them eat cake" situations . . . It must make quite

a few hungry men a little irked to be so continually reminded that someone can afford to toss a half a million smackers away on a pretty toy.

IF gals in baseball togs can lure a thousand ball fans up into the bleachers at a dime a throw, there must be some argument in favor of feminine playing. Why can't local Amazons get together and grab themselves a part of the newly organized San Gabriel Valley league's bacon? So far, the league includes Glendora, South Pasadena, Alhambra, Baldwin Park, Glendale, Whittier, Bell and Montebello.

THE world has come to this—Jockeys under 18 years have to go to school when the Santa Anita racing season opens. A school room is being included in the plans for the remodeled Turf Club, and the board of education will furnish teachers. Must be a swell job trying to teach those lad anything. Teacher will have to be careful or his discontented pupils may resort to sticking him with phony tips. On the other hand, a judiciously awarded "A" might be good for the name of a winner or two . . .

Great Historical
Events Reproduced
In Big Fourth Show

Two of the greatest fireworks set pieces ever shown in this section come in the Fourth of July show in the Rose Bowl in Pasadena this year. One of them is a set piece depicting the famed encounter of the Constitution and the British ship, Guerriere, on August 19, 1812. In that great battle Commodore Isaac Hull of the Constitution captured the British ship and the encounter is faithfully reproduced in fireworks from the famed painting by Lossing. The fireworks ships are each 40 feet long and some 25 feet tall and they battle in a sea of fireworks which extends from side to side of the great field of the Rose Bowl, a distance of more than 225 feet.

A second great fireworks set-piece on the program is to depict Washington Crossing the Delaware. The central and moving figure of the boat, also reproduced from the picture, is 36 feet long. With its background this feature is only a bit smaller than the sea battle scene.

The fireworks show follows an hour with a great three-ring circus starring everything to be found in such a show from elephants to an aerial act on a tower 110 feet high. Tickets for this great annual event may be had from Sierra Madre firemen or at the Rose Bowl gate next Thursday.

Graduates' Ceremonial Impressive

Rose Bowl Commencement Seen By 50,000; Pageantry Of School History Staged

Fifty thousand spectators thronged into the Rose Bowl Friday evening to witness the magnificent pageantry afforded by the commencement exercises of all of Pasadena's secondary public school system. There were 2,400 young people graduating, and 4,000 students all told who participated in the elaborate ceremonies which were dedicated to the 300th anniversary of the founding of the first American secondary school, in Boston.

At the north rim of the beautiful bowl was a stately Colonial Mansion, built full scale and imposingly substantial and realistic. Down below, on the floor of the bowl, was a lovely Colonial garden. Out from the tunnels across the lawn came six double files of young men and young women graduates. Across the greensward they marched in hourglass formation; down under the arched gateways of the garden and up onto their stage in the grandstands below the Mansion building.

The Junior College graduates were in traditional cap and gown, the junior high school pupils in pastel shaded summer dresses and dark suits. The five combined bands of the high schools played the National anthem as they marched to their seats and the 50,000 onlookers burst into applause.

Heralded by a costumed Tom Crier, the Prologue commenced to unfold the story of the days of 1635 when the little group of Boston settlers called on the village to bear taxation for the schooling of their sons; and lastly a pledge was given to the future of the public schools.

"Send Forth Thy Spirit," was sung by the Junior College A Capella Choir as a prelude to the invocation by Dr. Torrance Phelps. Then the glee clubs sang, in a medley of old tunes harking back to the Colonial days, and the pageant proper began.

Miss Moreland Kortkamp, of Sierra Madre, who represented the lower division graduating class of the college, introduced the pageantry with "Turning Memory's Leaves." In addition to accompanying many of the leading musical numbers Miss Kortkamp was also one of the musical directors for the ceremonies, and received high scholastic honors with her diploma.

Down through the years of 1750, 1861, 1900 and 1935 the Pageant moved, with stately minuets and music. Girls in hoopskirts and pantalets dancing about the maypole, in contrast to the grotesqueries of the clowns, then drawing closer to the modern era 200 junior college girls expertly rendered a pom-pom dance and many modern sports were represented in pantomime.

The graduates sang in one thunderous chorus the stirring "Land of Hope and Glory," of Elgar, and from the Mansion was born aloft the American flag while the nine class presidents pledged the graduates' allegiance. As the giant bowl was darkening with evening shadows, following the impressive recessional, the graduates marched solemnly down to the large

MUCH INTEREST IN

TOUR OF OLD MEXICO

Wide interest has been aroused by the forthcoming tour of the Pacific Geographical Society through Mexico to leave Los Angeles August 4 over the Southern Pacific. Three weeks will be spent on the trip, ten days of which will be in Mexico City from where scores of side-trips and excursions are planned. The tour is limited to 120 people and is open to non-members of the organization.

From Los Angeles the party will travel by special air conditioned Southern Pacific train through Tucson, Mazatlan and Guadalajara to the capital. The return home is scheduled for August 24.

THERE TO STAY

Jane—Have you kept all your New Year's resolutions, Ben?
Ben—Yes, I have a copy locked up in a drawer somewhere.

Flower basket in the garden, and took their diplomas.

In his farewell address to the students, Dr. John A. Saxon, superintendent of the Pasadena City Schools, sounded the note of courage and faith which have stood the Nation in good stead through her bright years and her dark years.

"America exists," he said, in part, "because at every crisis in her history there has arisen men and women resolute and with high purpose, inspired by indomitable courage; ready and willing to pay the price, even that of life itself, if only in so giving they might contribute to the growth, the security or even a small bit to the improvement of this land of freedom—this America we love."

Friday night the commencement day program was concluded as the junior college graduates were feasted at the Vista del Arroyo, and Muir Tech held a prom at the Hotel Huntington.

Charles L. Camp, Off
On World Tour Stops
To Visit Friends

Long ago, when the Sierra Madre grammar school occupied a building at the corner of Baldwin and Central, Charles L. Camp was a pupil. Last Friday he visited friends here and then started on a trip around the world by way of New York. He goes on research work under a fellowship conferred by the Guggenheim Fund.

After graduating from the local school he attended Throop and Pasadena High School, then took a course at Berkeley and at Columbia, getting his degree there after twenty-two months service in France and Germany in the First Division of the A. E. F., 1917-1919.

He is now director of the U. C. museum at Berkeley and associate professor of zoology. He is

Bridge Team From
This City Nears
Tourney Finals

Sydney Wolf and Ben Cohen, representing Sierra Madre in the San Gabriel Valley contract bridge championship play were assured contestants in the final round of play at Monrovia Elk's Clubhouse today as they took the high north-south score for the week's play with 119 match points. Mrs. Wolf and Mrs. M. Steinbach, also of this city, took second honors with 99 points.

to study in museums and elsewhere in Scotland, South Africa and China for the next fourteen months.

During a very busy week in Los Angeles over a book that he is editing he managed to meet up with a number of his old classmates of Sierra Madre, which he thinks is about the best place ever.

Santa Anita Wash
Work Is Approved
As SERA Project

Employment for a number of men in the Sierra Madre-Arcadia district and the expenditure of \$41,000 in cash was promised by SERA approval of flood control construction in the Santa Anita Wash this week.

The project submitted by the Arcadia engineering department, calls for improvement of the channel banks between Walnut and Valnett street in Arcadia at an exact cost of \$41,176.

City's War On Weed Nuisance Finished

The city's annual war on weeds and the fire hazard was practically ended yesterday when the crews sent out ten days ago had cleared off more than 150 lots. The work was apportioned among more than 80 local unemployed men, each of whom was given three days apiece. The total cost to the city, without book-keeping, time keeping and supervision and lot posting, was about \$1200.

Second Of Summer Dance Series Will Be Held Tomorrow

Lenn Comella and his 12 piece Capers Club dance orchestra will again play at the Woman's Club house tomorrow night, having been very enthusiastically received by Sierra Madre dancing couples last week at the first of their local summer dance series programs.

FACULTY MEMBER OF USC IS RESTING HERE

Because of ill health, Miss Alta M. Strong has taken an indefinite leave of absence from her duties at the University of Southern California. Under the advice of her physicians, Miss Strong will spend the next several months in taking a complete rest and recuperating her debilitated health.

Miss Strong was a student at the University some seven years ago, after which she officiated in the capacity of Secretary of Musical Organizations. Two and a half years ago she was appointed Assistant Director of that Department.

Miss Strong is now staying in Sierra Madre at the home of Mrs. Julia Shannon.

Parade To Precede Opening Of Summer Bible School Here

A parade through the streets of Sierra Madre on Monday will be one of the main features of the opening day of the Summer Bible School conducted by the Bethany Church.

The teaching staff has now been completed and those who have consented to teach are: preschool, Charlotte Butler; primary, Mrs. Reed and Myrtle Wood; second grade, Janet Murray; third grade, Margaret Montgomery; fourth grade, Mrs. Gordon Brooks; fifth grade, Anna M. Ross and Kathleen Moore; sixth grade, Mildred Humphries; junior high, Miriam Steiner, Miss Ruth Nedham, Ellen Mills and Mr. Dreger, superintendent of the Bible school. Rev. Mr. Sheriff will teach the class in the "Way of Life," and Mary Sheriff will be secretary.

Firemen's Picnic Posponed Until Sunday, July 7th

The firemen's picnic, scheduled for July 4th at the City Park where the local volunteer department was to have entertained 500 members of the Southern California Firemen's association and their families, has been postponed until Sunday, July 7th, the program originally planned for the Fourth will be carried out.

I SEE WHERE

A report from a representative medium-sized life insurance company says that the volume of regular paid business secured during May of this year was ten per cent greater than in any month for four and one-half years past. The lowest lapse rates in history are now being experienced and policy loans are decreasing.

Two recent surveys cast new light on the current status of agriculture. There has been a small but encouraging rise in value of American farms. Between March, 1934, and March, 1935, values rose in 30 states, declined in but five and remained unchanged in the other 13. "Back to the Farm" is becoming a reality. Where a few years ago, the farm population was being depleted by an exodus to the cities, the trend has completely reversed and streams of people are going from urban to rural areas.

During April, U. S. farm income totaled \$507,000,000, a gain of 31 per cent over April, 1934. For the first four months of the year farm income is 12 percent in excess of the same period last year.

A total of 256,439 legitimate out-of-state motor vacationists visited California during the first five months of this year, which was 31.7 per cent ahead of the corresponding period of 1934, it was announced by the All-Year Club. These figures were compiled at the California Department of Agriculture border stations.

What cost NRA is revealed in a startling manner by a recent survey of the National Industrial Conference Board placing the expenses of administering the 578 codes during the two year period at 93 million dollars. This includes \$71,704,406 for code au-

thority expenses, \$18,110,000 for the Recovery Administration, \$1,214,000 for the National Labor Board, and the other expenses. In addition there are other millions, untold, of code authorities such as those for steel and the automobile industry, which assumed the burden of administration with their already existent facilities and did not file budgets with the NRA.

"Every canvass of industry shows a determination to maintain wages and hours at the highest level economically possible," said C. L. Eardo, president of the National Association of Manufacturers. "High living standards and high wages have long been accepted principles of American industry."

The rate of death per accident on highways in 1934 was more than 100 per cent greater than the average for all accidents combined, states the Public Safety Department of the National Automobile Club. The person who always drives at a reasonable rate of speed saves gasoline, trouble, money and human life.

Much political concern was caused in Washington by a brief Associated Press item from San Pedro, Calif., disclosing that 60,000 tons of Argentina corn are enroute to this country. The British tramp freighter Cycle arrived from Rosario with 4,000 tons for discharge at San Pedro, and 2,500 tons for other Pacific Coast ports. The fact that huge imports of agricultural products are continuing was disturbing to the Agricultural Adjustment Administration's control plan, while the fact that British ships were sharing in the harvest gave no comfort in other quarters. A recent announcement from the Federal Department of Commerce showed that farm imports into this country for just three months ending with March were \$89,000,000—22 percent higher than the same period of 1934.

Want RFC To Make Survey For And Fix Power Line Route

San Gabriel Valley foothill residents Monday petitioned the Board of Supervisors to ask the Reconstruction Finance Corporation to survey the situation and determine a route for the Bureau of Power and Light's Boulder Dam transmission line.

The foothillers have become alarmed over the valley residents' action in protesting the alternative—or lowland—routing of the high tension line. Both groups think the line would be hazardous, unsightly and generally objectionable to property interests. The Board of Supervisors has taken no action on the matter.

Sierra Madrean's Recipe Wins Prize

MRS. Minerva A. Rigney, 153 Lowell Avenue, has just been awarded a certificate by Better Homes & Gardens for her recipe, "My Mother's Mock Mince Pie." This certificate is given only to distinguished recipes judged for dependability, excellence of taste, and family usefulness. Mrs. Rigney's recipe follows:

1 cup fine bread crumbs
1 cup raisins
1 cup molasses
1 cup sugar
1 tablespoon cinnamon
1 tablespoon cloves
1 cup vinegar
1 cup water
1/2 cup melted butter
Place the bread crumbs, raisins and molasses in a sauce pan and mix thoroughly. Add the sugar, which has been blended with the cinnamon and cloves. Add the vinegar, water and the melted butter. Cook until the ingredients are well blended. Place between 2 crusts and bake in a hot oven (450 degrees) for 10 minutes, then reduce the oven to 350 degrees and continue baking until the pastry is delicately browned.

Foothill Blvd. Off U.S. Route 66 Now

Foothill Boulevard, on the stretch through Monrovia and Arcadia to North Santa Anita avenue in Pasadena, has been discontinued as portion of the U.S. Highway Route No. 66, and in the future the official route will be marked along Huntington Drive. The change was ordered by the State Highway Commission yesterday.

SERA School To Pay All Students

The world's strangest vocational school, in which students will be paid for attendance at prevailing work relief wages, will open Monday at the Frank Wiggins Trade School in Los Angeles. An SERA appropriation of \$1,064.00 is financing the project, which is being sponsored by the State and L. A. City Board of Education. A Pasadena branch is expected to be set up, and the students will be chosen from the LACRA relief rolls of 10,000 names by a special board of vocational counselors.

NELSON EDDY TO SING IN LYRIC OPERETTA

Victor Herbert's "Naughty Marietta" is the tureful, gay film commencing Saturday night and playing until Tuesday, July 2, at the Lyric Theatre in Monrovia. Co-starring are Jeanette MacDonald, delightful singing star of screen and musical comedy stage, and Nelson Eddy, sensational young opera and radio baritone. George Raft and Claire Dodd in "The Glass Key" also appear on the Lyric bill for the four day run.

Starting Wednesday, and playing through Friday, July 3 to 5, is Paul Munt in "Black Fury." Featuring Karen Morley, William Gargan, this dramatic thunder-bolt shows in graphic fashion the inside story of a strike. Katharine Hepburn and Charles Boyer fill out the bill in "Break of Hearts." On Thursday, July 4, the Lyric will run a continuous show from 2 o'clock on through the evening.

Pasadena Civic Orchestra Gives Concert Finale

An unusual artistic treat is in store for those who attend the final concert of the Pasadena Civic Orchestra tomorrow night at the Pasadena Civic Auditorium, when Willem Van den Burg, one of the foremost of the day, appears in the dual role of soloist and guest conductor. He will play the well-known Lalo Concerto for violinello and orchestra and will also conduct the "Egmont" Overture, by Beethoven.

Reginald Bland, conductor of the orchestra since its inception in 1929, will direct the Beethoven Symphony No. 6 (Pastoral). This beautiful work is played all too infrequently even by the professional orchestras of today. It deserves to be better known by concert audiences.

Several residents of Sierra Madre are members of the orchestra, among them being Miss Catherine McBurney, talented young pianist, and Allan Thompson, flutist. The concert is scheduled to start at 8:15; with the doors opening at 7:30. It is advisable to arrive early, as a capacity house is the rule at the Civic Orchestra concerts. Admission is free.

New Woman's Club Heads Take Places As Farewells Said

(Continued from Page One)

gle will miss this throng. It will be quiet after the last farewell has been spoken, the last smile enjoyed, and the last dainty dress has fluttered through the great oaken door. You see, it is like one great family to her. Little confidences are whispered into her ears, mayhap, when they would never be whispered in other ears. Her patience and motherliness have tended over many and many a delicate situation. We will miss you, too, Mother Tugge!

However, if Mrs. White's plans for three social activities come to fruition this summer, there will be laughter and voices again at the clubhouse.

The installation of officers brought a few new faces into the lineup yesterday. They were installed by Mrs. Frank Wright, who as charter member, has witnessed many installations as the years have rolled by.

The incoming officers are as follows: Mrs. Fletcher White, president; Mrs. Henry Lannon, Jr., 1st vice president; Mrs. M. M. McBurney, 2nd vice-president; Miss Florence Gilmore, recording secretary; Mrs. J. N. Webster, corresponding secretary; Mrs. George Lehner, auditor; Mrs. Helen Sandage, treasurer; and directors, Mesdames E. E. Bacon, E. D. Burbank, W. C. Dalzell, Frank Spencer, Donald Ashmore, M. Hollingsworth, E. E. Pulling and R. L. Kruger.

One minute reports from the chairmen and treasurer were most interesting. And Mrs. Pulling's last official speech as President of the Club contained much that was rich and meaty. Mrs. Fletcher White responded in like manner, and quoted a passage from W. W. North upon receipt of a bouquet of larkspurs and gladioli.

The delicate touch of music given by Miss Lalla Fagge and Miss Ruth West seemed to be just the most satisfying gesture upon a lovely day in June. By-the-way, Miss West has graciously consented to be the official pianist for the coming year.

The long-looked for play, "The Flowers of the Forest," by John Van Druten, was read by Mrs. Manchester, who prefaced her reading with a graceful tribute to the outstanding personalities of the Sierra Madre Woman's Club, and to its utter lack of "standardization" which is so predominant in the larger clubs up and down the Kingshighway. "After listening to the splendid reports of your committees this afternoon, I sincerely believe that each member of this individualistic club is a committee unto herself. I have noticed it and everyone else has called by attention to this fact," she said. Tea in the gardens followed the reading. Francis E. Conard took pictures of the outgoing and incoming Board members, which will be preserved in the Press Book by the writer.

NEW PHILCOS ARRIVE AT FURNITURE STORE

The city's first shipment of new Philco radios for 1936 arrived at the Sierra Madre Furniture company this week, it was announced yesterday by Tom Tyler, proprietor. These modern instruments, offered at a wide range of popular prices, are the finest ever offered by Philco. In tone, power, foreign short-wave reception and cabinet beauty, they are very exceptional. The public is invited to inspect them at any convenient time.

WOODSON JONES NEW SANTA FE AGENT HERE

Woodson F. Jones of the Sierra Madre Realty Company has received an appointment as Sierra Madre representative of the Santa Fe Railway. He succeeds the late S. F. G. Twycross who represented the Santa Fe here for many years. Mr. Jones formerly served the Union Pacific here in a similar capacity.

Allen Robertson, young son of Mr. and Mrs. E. D. Robertson of 43 West Laurel avenue underwent an operation at St. Luke's Hospital Wednesday morning. He is doing nicely. Dr. M. A. H. Peterson was the surgeon.

Mrs. Rae Phelps and Mrs. Paerl Smith, sisters of Mrs. J. W. Jameson of 481 West Highland avenue, have gone on an extended trip to Humboldt County, California. From that point they plan to continue through Canada.

F. H. Hartman, Baldwin avenue druggist, narrowly escaped serious injury last week when a chair upon which he was standing gave way and in falling Mr. Hartman struck his side on a show case.

Among the many visitors arriving in Sierra Madre during the week are the Misses Stella and Pearl Neagle, of San Francisco. They are the summer house guests of Mr. and Mrs. William Lauren Rhoades, of 529 West Highland avenue.

Dr. and Mrs. John Henderson of 161 Santa Anita Court have been visiting in Palomar, near San Diego. Mrs. Tom Henderson left last week with her husband to visit in and around San Diego, and to take in the San Diego Exposition.

Out of town guests who attended the Rose Luncheon as guests of Mrs. W. S. Hull included Mrs. Elizabeth Staff and daughter Ruth, of Hollywood; Mrs. Dora Cover, of Los Angeles, and Mrs. Cover's sister, Mrs. N. J. Hudson, of Pasadena, and Mrs. Carl Greece, former Sierra

Madrean now living in Santa Monica.

Russell Lovejoy of 47 West Grand View avenue broke a toe Monday while removing a wheel from a car at Pickett's Service Station. Dr. Gossard ordered Mr. Lovejoy to St. Luke's Hospital where X-Rays were taken and the foot placed in a cast.

Mr. and Mrs. F. H. Hartman of 147 North Baldwin avenue, left Sunday morning to attend the California Pharmaceutical Association convention, being held in Coronado. Accompanying them on the trip is Mrs. J. D. Sparks, of Pasadena.

Mr. and Mrs. N. A. Young of 209 West Highland avenue, left Thursday on an extended trip through the San Joaquin Valley. While away they will visit Tulare and Visalia. The Youngs recently returned from a short trip to San Luis Obispo, Santa Barbara and Pismo Beach.

Miss Elizabeth Gormish arrived by airplane Sunday morning from her home in Washington, D. C., and is the guest of Mrs. Leora Groth of 122 North Baldwin avenue. Miss Gormish's brother, William Gormish, is a patient at Mrs. Groth's hospital, in this city.

M. A. Hawkes of 196 West Montecito avenue was dinner guest of his grandson, Dr. A. W. Hawkes, at the Pasadena Community Playhouse Sunday evening. Dr. Hawkes, a graduate of the famous Bellevue hospital in New York is now a resident physician at the Los Angeles county General Hospital.

Miss Margaret Moore, charming young niece of Mr. and Mrs. Thomas P. Buie who has been attending junior high school in Pasadena, is leaving this week to spend her vacation with her parents, Mr. and Mrs. E. G. Irwin, of San Diego. Accompanying her on the trip are Mr. and Mrs. Buie, who will visit the San Diego Exposition while there.

GET A MODERN CAR IN 1935

Style

THE Ford V-8 is truly a modern 1935 production. Its beauty is more than skin deep. It is the result of basic chassis changes and a low center of gravity which gives streamlined style. Inside you will find new roominess, new custom type upholstery, newly designed instrument panel and handles. There is generous built-in luggage space in all models. In performance and riding comfort, this new Ford gives you many

new features—such as "Comfort Zone" riding. Yet economy and dependability have not been sacrificed in the slightest. Upkeep has been cut even below last year's economical V-8. No matter how much you can afford to pay for a new car, be sure to see the Ford V-8 for 1935. A close inspection will convince you it has everything you want—it is a modern car in every sense of the word.
